

Rule Sheet - *Shadow of a Doubt*

Welcome to **Shadow of a Doubt**! You play as **Shadow**, a clever black cat defending your witch's home from invading ghosts over the course of one long night. With magical abilities, sharp reflexes, and feline intuition, you'll fight through waves of enemies, unlock spells, and uncover a dark twist awaiting your return to the front door.

How To Play

-  Protect the witch's house by defeating waves of ghosts.
-  Survive through **three levels** of increasing difficulty.
-  Unlock new spells as you progress.
-  A final battle awaits in the third level when the Witch returns unexpectedly...

Controls

-  **Movement:** **WASD** to walk, **Space** to jump, and hold **Right Click** to crouch.
-  **Shoot:** **Left mouse click** to cast the selected spell.
-  **Camera & Aim:** Move the mouse to look around.
-  **Switch Spells:** Press **Q** to cycle through available spells.
-  **Interact:** Press **E** to collect potions dropped by defeated ghosts.
-  **Pause Menu:** **Esc**

Gameplay

-  **Start a Wave** - Ghosts spawn in the current room.
-  **Combat** - Cast spells to defeat ghosts while dodging attacks.
-  **Collect Potions** - Some ghosts steal potions, and defeating them lets you press **E** to recover either regular 30% health/mana, or rare Ultimate Potions that fully restore and lock health or mana for 10 seconds.
-  **Progression** - Clear all waves in the room to unlock the next level. Each level grants a new spell.
-  **Final Challenge** - In the third level, the Witch returns possessed by a powerful spirit.

Heads-Up Display

-  **Health Bar** (Bottom left) - Shadow starts with a limited health pool. Losing all health triggers a death screen with an option to respawn, restart the level, skip the level, or quit the game.

Magic Bar (Bottom left) - Tracks energy used for casting spells. Magic replenishes over time and more quickly when picking up dropped potions.

Spell UI (Bottom middle) - Displays the available spells. The selected spell is highlighted, and unavailable spells are shown with a lock.

Tip Feature (Upper left) - Displays various game tips to aid the player throughout gameplay.

Rules Of The Game

Clear all waves to unlock the next level. Shadow cannot advance otherwise.

Each enemy type has specific weaknesses to certain spells, so choose wisely!

If Shadow loses all health, the house is overrun; you may retry the current level.

Tips For Success

Learn which spells are most effective against each type of enemy.

Use your small size as a cat to slip into corners and avoid attacks.

Keep track of ghosts that drop stolen potions, they're your lifeline.

Stay mobile: ghosts are relentless if you stand still!
